

**The Academic Resource Center
Is pleased to announce the addition of an
Online Writing Lab to our Tutor Schedule**

Please note: At this time, the Online Writing Lab will be reviewed periodically during the week. If you need a quick response, please visit the Tutor Lab and speak to one of our English Tutors. If you have plenty of time for your paper to be reviewed, please follow these procedures:

- From your Belmont Abbey College email address, send your paper, as an attachment, to WritingLab@bac.edu.
- In the email subject line, indicate your name and the name of the course your assignment is in. In the email text window, please write specifically what you want the tutor to do.
- Your paper will be reviewed by a Professional Tutor.
- Your paper will be returned to you with suggestions on how to improve.
- The Tutor will not rewrite your paper; they will try to help you to understand how to make the improvements yourself.
- Some problems are best handled in person. The online tutor may suggest that you visit the Tutor Lab on campus.

Contact WritingLab@bac.edu with questions.
