

Did you know that both air soft and paint guns are considered a weapon?

**Weapons of any type are illegal and against college policy to have on campus.
(NC State Statute 14-269.2)**

If you have a weapon on campus and voluntarily turn it in to campus police before you are caught with it you will not be documented.

Failure to comply with this request could result in:

- **Campus Sanctions**
- **Criminal Prosecution**
- **Confiscation of the weapon**
- **Personal Injury**
- **Death (Air guns are mistaken for real guns, but the real guns win)**

Do not end up a statistic; do not bring weapons to campus.
