REQUEST FOR SPECIFIC ROOMMATE

I would like to request to live with the following person (*must be mutually requested*): _____

SPECIAL HOUSING ACCOMMODATIONS

There are limited housing spaces available for accommodations and priority will be given to individuals who are eligible to receive accommodations under Section 504 of the Americans with Disabilities Act (ADA). Under the ADA, individuals must document the impact of their disability on major life activities. For example, individuals experiencing vision, physical and hearing impairment, neurological impairments, chronic life threatening systemic disabilities such as cancer, HIV and/or traumatic brain injuries are eligible for academic and physical accommodations. All disabilities and medical history pertaining to the disability must be documented by a licensed and board certified medical provider with competence and expertise in the area of diagnosis.

Special housing accommodations are not standard academic accommodations. In order to determine if special housing is a reasonable accommodation, we must receive detailed documentation of the correlations of your academic and cognitive deficits with the need for special housing. Please request [Special Housing Accommodation Guidelines](#) by calling the Residence Life Office.

ROOMMATE MATCHING QUESTIONNAIRE

Please take a minute to consider each of the following questions about yourself. Your answers will be used to match roommates; therefore thought needs to be given to your answers. It is important that you, not a friend or family member, answer these questions yourself. Please note, however, that due to the many and varied preferences of all housing applicants, not all requests can be guaranteed. We will certainly consider all of your requests, and try our best to fulfill them. Please clearly mark your answers.
